COUNSELLING PROCEDURE

The list of candidates eligible to attend the counselling, counselling schedule, venue and other relevant details, will be made available in the website www.admissions.manipal.edu.

Successful candidates will be allotted seats according to their rank and number of seats available.

Only the candidates whose ranks are included in the counselling schedule are required to attend the counselling.

The physical presence of the candidate at the counselling is mandatory. If a candidate is prevented by unavoidable circumstances from being physically present for the counselling, he/she may authorise another individual to represent him/her at the counselling.

This representative must carry the authorisation in the format given in the page 51 and bring all the documents and the full fees. Absence of the candidate or his/her representative at the indicated reporting time and date will result in the instantaneous forfeiture of any claim for a seat.

The choice of course made by the candidate / representative is final and binding and cannot be altered later under any circumstances.

Only the candidate/representative will be allowed into the counselling hall. They will be called in the order of their ranks and offered the seats available at that point of time. They are permitted to choose any of the seats available during their turn. Ties will be resolved in the manner described below:

- a) The Net Average Score (NAS) obtained during the qualifying examination will be calculated by taking the gross average marks of all the Board / University examinations and subtracting a factor determined on the basis of the number of failures. The tied candidates will be re-ranked on the basis of NAS.
- b) In the event of NAS of two (or more) tied candidates being identical, the candidate with fewer failures will be ranked higher.

For the purpose of this rule, each failure in a subject in a (semester/year) Board/University examination will be reckoned as one failure. Non-appearance in a particular subject in an

examination for whatever reason will also be counted as failure.

WAIT LIST

When all the seats in a given course/s are filled, candidates may choose to be waitlisted.

- i) Candidates may opt for one course and simultaneously get waitlisted for other course/s.

Such candidates are required to pay the fee for the course to which they are admitted. Failure to pay the fee will result in instantaneous forfeiture of the seat.

On subsequent selection to the course to which they are waitlisted, these candidates need to pay the difference of fees, if any.

- ii) Candidates who opt only to be waitlisted, need not pay any fee until they receive the selection intimation from the university that they have been selected for admission from the waiting list as a consequence of withdrawal or cancellation of admission of any originally admitted candidate.

- iii) The University officer in-charge of counselling will declare the waiting list for each course as closed as soon as he/she is satisfied that an adequate number of candidates have been waitlisted for that course.

- iv) Candidates can waitlist only for the course and not for the campus.

DOCUMENTS

During counselling all candidates are required to produce the original and two sets of photocopies of following documents. In the event of admission, the University will retain these documents till the candidate completes the course.

Candidates are warned against submitting the colour photocopies of the original marks card in lieu of the original marks cards. Original marks cards which are laminated will not be accepted by the University. In the event of submission of such fraudulent original marks cards, incorrect or untrue information or suppression or distortion of any fact in the original marks card, admission/degree of the candidate is liable for cancellation.

Request for withdrawal of the original documents submitted

can be made only for genuine reasons in the prescribed application available at the Admissions Office.

Failure to produce the document/s on the day of admission or by the date specified for this purpose will result in instantaneous forfeiture of the seat.
