SRI RAMACHANDRA UNIVERSITY

(Declared under Section 3 of the UGC Act, 1956)

Accredited by NAAC with 'A' Grade

PORUR, CHENNAI – 600 116

Sri Ramachandra Medical College and Research Institute was established by Sri Ramachandra Educational and Health Trust in the year 1985 as a private non-profit self-financing institution dedicated to serve the society as a Centre of Excellence with emphasis on medical education, research and healthcare. In view of its academic excellence, the Government of India declared Sri Ramachandra Medical College & Research Institute as a Deemed University in September, 1994 under Section 3 of the University Grants Commission Act, 1956. The nomenclature of the institution has been changed to Sri Ramachandra University from December 2006. The Trust achieved the task of establishing this Institution as a “Centre of Excellence” under the leadership of Late Shri. N.P.V. Ramasamy Udayar who was the Founder & Managing Trustee of the Trust and also the first Chancellor of the Deemed University. Shri. V.R. Venkataachalam is currently the Chancellor of the University and also the Managing Trustee of the Trust.

The objective of the institution is to have the facility raised and developed to a level comparable to any major medical establishment in advanced countries. With this goal in mind, the Trust, in close co-operation of, and the able guidance from professional experts in administration and teaching, has developed this sprawling 150 acres of green campus to a level of a prestigious University today. Further milestones were reached and on April 1, 1997 when an inter-institutional alliance between Harvard Medical International, USA and Sri Ramachandra Medical College and Research Institute was signed. This major step in the growth of the institution has further led the institution towards quality in the areas of medical education, health care and research and enhanced its visibility and recognition at the international level.

Harvard Medical International, in its annual report 2007, has stated that “Sri Ramachandra is the model of a learning institution in both its medical school and hospitals. They have pursued faculty development with great rigor, and in the hospital are striving to be a quality leader in India. The Institution stands out because of its commitment to taking care of all”.

ACCREDITATION:

Sri Ramachandra University has been accredited by National Assessment and Accreditation Council (NAAC) with CGPA of 3.52 on four point scale at 'A' Grade.

CONSTITUENT UNITS:

The following are the constituent units of Sri Ramachandra University:

- 1. Sri Ramachandra Medical College and Research Institute;**
- 2. Faculty of Dental Sciences;**
- 3. Faculty of Pharmacy;**
- 4. Faculty of Nursing;**
- 5. Faculty of Physiotherapy;**
- 6. Faculty of Allied Health Sciences;**
- 7. Faculty of Management; and**
- 8. Faculty of Biomedical Sciences, Technology and Research**

The University offers, at present 12 courses at undergraduate level in medical, dental, para-medical and allied health sciences disciplines and 41 courses in Medical, 8 courses in Dentistry and 30 para-medical courses at postgraduate level through the above units. In all, over 4,200 students receive teaching and training within the University campus.

POSTGRADUATE PROGRAM:

The goal of postgraduate programs is to train medical graduates to become quality physicians and surgeons and make them achieve clinical and scholarly excellence in their respective specialities. The educational experience they gain in SRMC & RI prepares them to provide the highest quality of healthcare and equips them to handle challenges in their specialities. The curriculum is designed to train the postgraduates in all facets of patient care and to impart updated medical knowledge. The clinical training experience they get in the Hospital, in addition to enhancing procedural and clinical skills, provides a unique opportunity for system-based practice, enabling them to understand health systems, including quality and safety in patient care.

Exposure to research, participation in seminars, workshops and conferences are other educational tools. The postgraduates are exposed both to modern technology and community based practice.

The academic training emphasizes progressive responsibility through a maximum of 3 years and ensures that at the time of graduation, the postgraduates demonstrate independence in judgement and skill. The clinical and the academic training will thus produce graduates who can work in any environment; urban or rural; academic institutions or community hospitals.

LIBRARY:

A centrally air-conditioned large library known as Sri Ramachandra Harvard Learning Centre is ideally located in an area of 40,000 sq.ft. The students and faculties gain free access to a large collection of medical books, journals and dissertations gathered over a period of 25 years which provide rich reading and reference materials. The library has a good stock of CD-ROMs and DVDs on various subjects. There are in excess of 50 computers with facilities to access MEDLARS, e-Journals, e-books and Internet. To augment the soft copies, over 525 print journals are currently subscribed. In addition to this, a good collection of back issues is available in the Library's archives room from the year 1950.

HOSTELS:

There are separate hostel facilities for both men and women students with 2,500 single rooms inside the campus to accommodate undergraduate and postgraduate students in medical and other disciplines. The campus has continuous running soft water supply and power supply. The avenues of trees and green plants give a resort-like-ambience which is highly conducive to pleasant learning and peaceful living within the campus. Hostels are also equipped with internet facility for the benefit of the inmates.

SRI RAMACHANDRA HOSPITAL:

Sri Ramachandra Hospital is a major tertiary care and referral centre located within the University campus. The Hospital caters to the needs of the students for their learning and training in various specialities. Placed in a suburban locality and amidst major highways, the hospital serves a cross section of the community belonging to every economic segment of the society. On an average 4,000 patients visit the out-patient facility everyday. The diagnostic capability available at the hospital is comparable to any University Hospital in any advanced country. The sophisticated clinical laboratory, AABB accredited blood bank and a wide range of imaging facilities including C.T. Scan, MRI, Multi Detector Slice Spiral CT, Cardiac Angiography, Cerebral Angiography and Gamma Camera add to the diagnostic armamentarium of the Hospital.

The Neurology Laboratory, Pulmonology Laboratory, Non-invasive and invasive Cardiac Laboratories have all been developed to the current state-of-the-art level. 26 most modern operation theatres and 170 ICU and Critical Care beds add to this unique facility. The students have unlimited opportunities to learn in this modern hospital. Similarly, specialties have grown in the last 25 years in every facet of medical advancement. The Cardio Vascular & Thoracic Surgery programs have already reached a significant level of perfection as also the other major divisions like Vascular Surgery, Neuro Surgery Interventional Neuro Radiology and transplantation services. The Stem Cell Research unit also offers its services.

Clinical Skills Labs in several departments like Orthopaedics, General Surgery, Obstetrics and Gynecology provide opportunities for postgraduate students to acquire the much sought after practical skills in complex surgical procedures.

TELEMEDICINE: The University has national level visibility as a centre of excellence in exploiting Information Technology to the hilt, by establishing state-of-the-art Telemedicine facility through Satellite, ISDN lines and Internet connectivity. In addition, the University is a member of the PAN-African Network in telemedicine. Both students and the faculty benefit from Tele-Medicine Centre which is well connected with various national and international institutions.

FACULTY OF DENTAL SCIENCES:

Faculty of Dental Sciences was started in 1995 and it is now having more than 3,82,072 sq.ft. of built up area. The faculty of dental sciences has a total sanctioned annual admission of 100 students for the undergraduate course and 28 students for the eight postgraduate specialities. The faculty of dental sciences is recognised by the Dental Council of India and also by the relevant Councils of Malaysia and Sri Lanka.

CLINICAL SERVICES:

Nine individual departments offer a variety of treatment modalities with strict quality control regimen to more than 450 out-patients everyday. The diagnostic and treatment standards offered are comparable to modern international standards. The departments are equipped with more than 336 dental chairs with state-of-the-art equipment and good metal and ceramic laboratory support.

Apart from regular teaching needs, the Department of Oral Pathology has excellent diagnostic facilities that includes a five-headed microscope with an image analyzer. The Department of Oral Medicine & Radiology has state-of-the-art diagnostic equipment like RVG, Intraoral camera and digital cephalogram. The Oral and Maxillofacial Surgery Department has an excellent operation theatre and in-patient ward. The Department of Conservative Dentistry and Endodontics is equipped with materials of international standards aiding in high quality dental care. Free dental camps are organised for all the schools and villages within a 5 km radius of the campus by the Department of Community Dentistry. This Department also has a satellite centre functioning in Ashok Nagar, Chennai. The latest dolphin imaging software in the Department of Orthodontia, provides accurate treatment planning for its patients. The Prosthodontic Department is actively involved in delivering state-of-the-art orofacial prostheses and dental implants for patients with prosthetic needs. The pride of the Department of Periodontics is its work on regeneration implants, periodontal medicine and its excellence in the field of research. The Department of Pedodontics treats children, including those with special needs, stressing on preventive dentistry.

The objective of the curriculum is to produce dental surgeons with sound background in theoretical, practical and clinical aspects of diagnosis, prevention and treatment of dental and oral diseases. In addition to didactic lectures, demonstrations on phantom head, dummy models, group discussions, seminars and chair-side workouts like OSPE and OSCE are carried out. Students have the opportunity to treat patients from diverse socio-economic strata with a majority belonging to lower socio-economic group.

The undergraduate and postgraduate students are also encouraged to participate in conferences and all the academic activities conducted by other colleges and institutions both at national and international levels. Many students have won laurels and awards in seminars and conferences and proved their academic excellence. Students in postgraduate courses are trained for management of advanced clinical situations pertaining to their speciality in dentistry.

ICMR FELLOWSHIP FOR INTEGRATED Ph.D.:

Five ICMR Fellowships are available each year for those undergoing the M.D./MS./M.D.S. degree courses for simultaneously doing the Integrated Ph.D.-M.D./MS./M.D.S. (5 year) programme. For more details, visit the University website.

SRI RAMACHANDRA UNIVERSITY CENTRAL RESEARCH FACILITY:

Sri Ramachandra University has established the Central Research Facility (CRF) in the year 2007 as the “A to Z gateway” for research, to take care of all logistics of research planning, research projects administration, research documentation, providing centralized sophisticated equipment facility and University-Industry Liaison Centre with IPR/Patents Cell on a ‘ready to use platform’ to the entire University.

Prof. S.P.Thyagarajan, an internationally renowned Medical Scientist and former Vice-Chancellor, University of Madras is co-ordinating the research activities as the Pro-Chancellor (Research).

The ‘Research Vision’ of Sri Ramachandra University is to evolve the University as an “International Centre of Excellence in Translational Medical Education & Research and Biomedical Nanotechnology”.

RAGGING:

Ragging is strictly prohibited in the University Campus. Sri Ramachandra University strictly enforces anti-ragging measures and the campus is free from any form of ragging. Any violation will be dealt with according to the law in force and as per directives of the Supreme Court of India.

The University has adopted the “UGC Regulations on curbing the menace of Ragging in Higher Educational Institutions, 2009”, and these Regulations shall be applicable to all students.
